FARALLONES DE COSIGUINA NA-212 -
Dan, HR2DMR informs DX-World that he has plans to be active from the rare IOTA of Farallones de Cosiguina NA-212 during mid to late July covering the IOTA contest....
"Hoping to use a special H7 prefix or YN9W, activity could start from July 23 to 28, depending on Honduran and Nicaraguan navy officers. More details and full plans announced at later date."

Note: My website is constantly updated and will often show activity that did not make it in time for the I.C.P.O. Bulletin, and last minute announcements. My DX Calendar page is a good place to start to find updated information between bulletins.
